Products and services

● Choice

One size does not fit all. Boon offers a base package of primarily outpatient and prescription coverage, to a buy up plan with expanded inpatient coverage and preventative care. Choose a solution that fits your needs.

● Access

Online access to ID cards, provider network, claims information and available customer service, 365 days a year.

● Productivity

Our benefit plans offer your employees comprehensive care and help you achieve greater employee productivity and retention, reduced financial exposure, ease of administration and more.

● Compliance

All of Boon's solutions are ACA compliant and can be tailored to the unique needs of any employer, anywhere.

● Preventative care as an option

Boon goes beyond the employee mandate for coverage under the Affordable Care Act. Our voluntary minimum essential coverage option enhances the base or buy up medical options by adding preventative services and live telemedicine.

For a list of covered preventative services, visit www.boongroup.com/simpleprevention.

● Telemedicine

Anywhere, 24/7/365 on-demand access to affordable, quality healthcare. With telemedicine, you can visit with a doctor from your home, office, or on the go. When your employees select this option, all immediate family members have unlimited access to care (including pediatricians).

Simplified enrollment and implementation

Boon offers superior client services right from the start. With Boon, our customer service begins with personalized implementation and multiple convenient enrollment options. Once the benefit plan is effective, a dedicated account manager stays with the client for the duration of the plan and continues to develop the client-Boon relationship.

Boon takes the administration burden of offering a benefit plan to your hourly employees off of your shoulders — leaving you with more time to grow your business.

Delivering our best to you!

Boon's partnership philosophy with national insurance carriers helps us deliver competitive medical benefits to address the specific needs of hourly employees. This approach combined with nurturing our long-term client relationships and building new relationships keeps us ahead in our industry and provides a variety of solutions for the needs of our clients.
